

# Feeder 15166

July 18, 2024

**RE: Important Notice Regarding Road Closure and Detour for Restoration of Newcomb Street and 4<sup>th</sup> Street.**

Dear Resident(s),

We're informing you that the District of Columbia Powerlines Underground (DC PLUG) Initiative's Feeder 15166 is nearing the completion of its civil construction phase. Consequently, our dedicated contractors will soon begin milling and paving restoration work in your neighborhood.

Milling and paving restoration work will begin on July 22, 2024, and continue until July 26, 2024, weather permitting. Construction hours are Monday through Saturday, from 7:00 am to 7:00 pm. Detours are as follows:

**Newcomb St. SE between 2nd St. and Newcomb St. SE:** Traffic will be detoured onto 4th Street, right onto Oakwood, and then right onto 2nd Street, SE.

**4th Street, SE between Mellon St. and Orange St. SE:** Traffic will be detoured left onto Mellon, right onto 5th Street, and then right onto Orange Street, SE.

**Newcomb St. SE between 4th Street and Newcomb St. SE:** Traffic will be detoured onto 4th Street, right onto Oakwood, and then right onto 2nd Street, SE.

**Newcomb St. SE between 4th St. and Malcolm X Ave. SE:** Traffic will continue straight on Malcolm X Ave., make a right onto Oakwood, and then a right onto 4th Street, SE.

**During the milling and paving restoration period, all traffic including METRO BUSES will be detoured** to accommodate the large equipment for this operation. We kindly request your cooperation in refraining from street parking in the affected areas. We sincerely understand the inconvenience, however, the longer it takes residents to relocate their vehicles the longer the process will take. Please adhere to the No Parking and Detour signs posted in these locations. Weather permitting, this phase of restoration is expected to last approximately five (5) workdays. We appreciate your patience and understanding as we work towards enhancing the reliability and resilience of the District of Columbia.

Warm regards,

**Ann Walters**

DC PLUG Community Outreach Coordinator
