DC PLUG Initiative – Open House

Feeder 14009

District Department of Transportation (DDOT) and Pepco
Civil Design

Welcome to our virtual public meeting!

To begin, we will review some basic controls to help you participate virtually on this platform.

Please Note: This is an open meeting and as required by DC Code 2-578, this meeting is being recorded, and the recording will be made available to the public.

- The video file (with both audio and video) will be shared on DDOT’s YouTube Channel ([YouTube.com/DDOTVideos](https://www.youtube.com/DDOTVideos)) within 7 days after the meeting has ended.
- This meeting is being live streamed to DDOT’s Facebook page: [Facebook.com/DDOTDC](https://www.facebook.com/DDOTDC)
- If you do not wish to have your voice recorded, please do not ask to speak. You may enter any questions or comments in the Q&A which we will review in the next few slides.

If you need technical support during this meeting, please call 202-253-9320

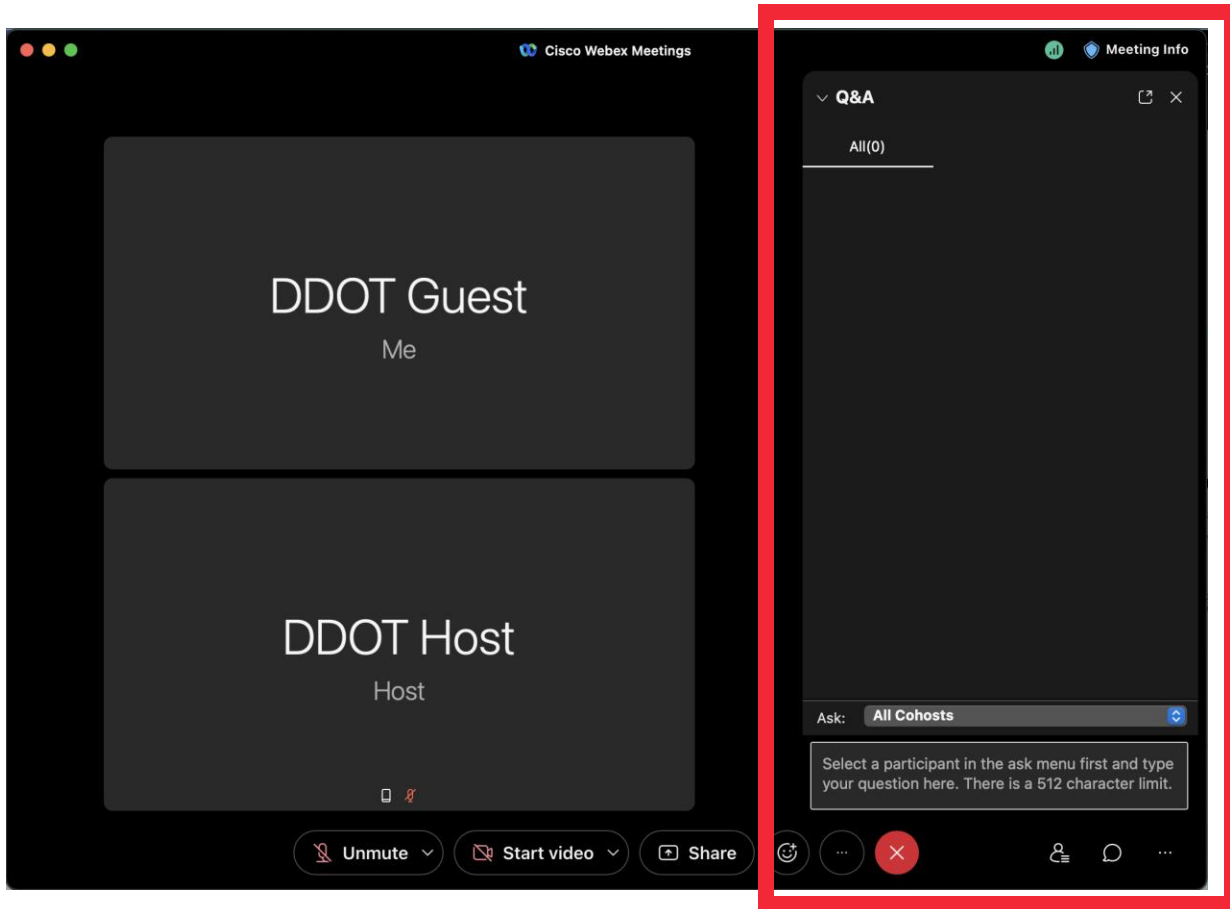

Using Webex - Audio & Video

Audio/Muting

- Everyone is on mute. You cannot unmute yourself. We can unmute you during the Q&A and Comment period. This helps ensure the meeting runs smoothly and there are no auditory disruptions during the presentation.
- To request to speak, you will need to use the **Raise Hand** feature, which we will cover shortly.

Using Webex - Q&A

If you have a question during the presentation, send it via the Q&A feature.

To Send a Question:

- Click the “**three dot icon (...)**” in the bottom right side of the Webex window and select **Q&A**.
- A new panel or window will appear. In the “**Ask**” field, select **All Panelists**.
- Click the text box to type your question and press the Enter key to send it.

If you joined via Browser or Mobile App, click the **Q&A or Question Mark icon** to access the Q&A to ask a question.

If you dialed in by phone, **dial *3** to use the Raise Hand function. This indicates to the Project Team that you would like to speak and ask a question.

Using Webex - Raise Your Hand

If you have a question or comment that you would like to speak up about, please **raise your hand**. This indicates to the Project Team that you would like to speak.

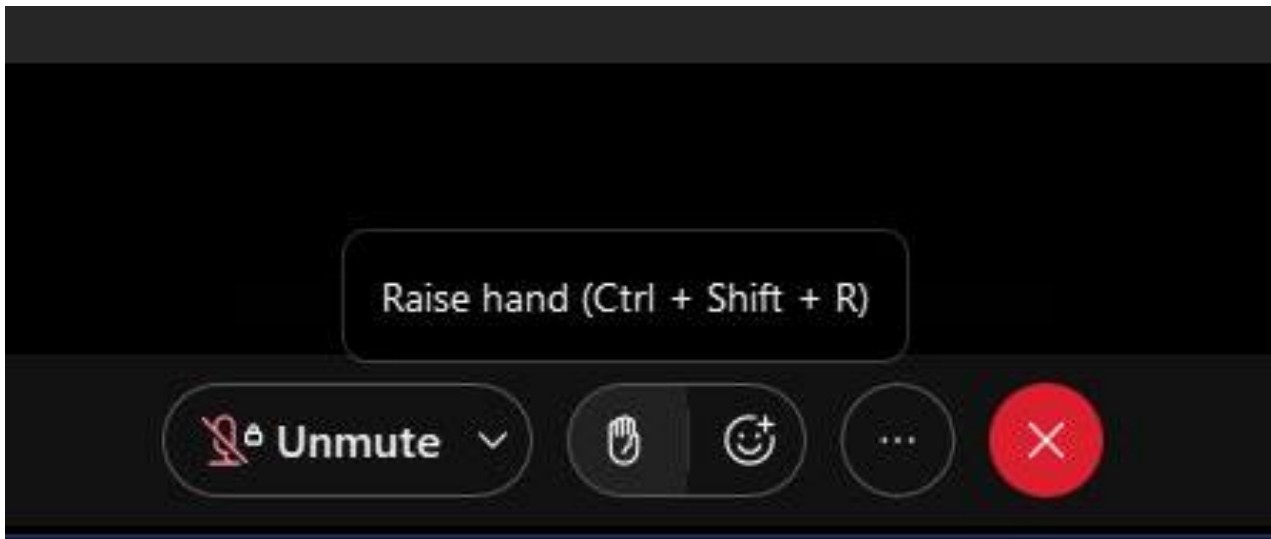

To virtually raise your hand:

- Click the **Participants icon** on the bottom right of the Webex window.
- Hover your cursor next to your name and click the **Raise hand icon**

Alternatively, you may press the following keys on your keyboard: **Ctrl + Shift + R**

If you joined via browser or mobile app, click the 3 dot (...) icon and select Raise Hand.

If you dialed in by phone, **dial *3** to use the Raise Hand function.

DC PLUG will provide resiliency against major storms and improve the reliability of the electric system

Multi-year program to underground up to 30 of the most vulnerable overhead distribution lines, spanning over 6-8 years with work beginning in early 2019

Feeder Selection Process

In selecting the feeders, DDOT and Pepco followed a five-step process:

Based on data from January 1, 2010 through December 31, 2016 for first biennial and January 1, 2010 through December 31, 2018 for second biennial, ranked feeders by historical reliability and customer minutes of interruptions reduced per dollar spent (SAIFI, SAIDI, CMI/\$).

Identified the highest-ranked feeders in each of the five Wards (Wards 3, 4, 5, 7 and 8) of the District of Columbia characterized by a large concentration of overhead power lines and susceptibility to overhead outages.

Analyzed ongoing reliability work as well as current and planned system work.

Identified opportunities to take advantage of existing or planned DDOT roadway reconstruction projects.

Finalized the feeder selection for inclusion in the Biennial Plans.
