## Temporary Lane and Sidewalk Closure on the 100 blocks of Irvington and Ivanhoe Street, SW for DC PLUG on September 11-27, 2024

**(WASHINGTON, DC)** – The District Department of Transportation (DDOT) is advising of a temporary lane and sidewalk closure on the **100 blocks of Irvington and Ivanhoe Street SW**, for manhole and conduit installation.

The temporary lane and sidewalk closure will be from September 11-27, 2024, between 7:00 a.m. and 7:00 p.m., weather permitting. Residents will still have access to their apartments or homes, and parking will be prohibited as marked by “Emergency No Parking” signs.

The lane and sidewalk closure is necessary to complete the DC Power Line Undergrounding (DC PLUG) initiative’s Feeder 14758 project for manhole and conduit installation. The DC PLUG initiative is a partnership between the DDOT and Pepco to improve the resiliency and reliability of the District of Columbia electric system by placing select systems underground. Feeders are primary distribution power lines that provide services to approximately 1,100 residents within a specific neighborhood.

For more information about the DC PLUG Initiative and to stay up to date on traffic-related impacts and construction progress, please visit [www.DCPLUGinfo.com](http://www.DCPLUGinfo.com), call the DC PLUG team at 1-844-758-4146, or email DC PLUG at [questions@DCPLUGinfo.com](mailto:questions@DCPLUGinfo.com).

###

The District Department of Transportation’s mission is to equitably deliver a safe, sustainable, and reliable multimodal transportation network for all residents and visitors of the District of Columbia.
