## Temporary Southbound Lane Closure on the 4500 Block of South Capitol Street, SW for DC PLUG From August 5-30, 2024

**(WASHINGTON, DC)** – The District Department of Transportation (DDOT) is advising of temporary Southbound lane closure on the **4500 block of South Capitol Street, SW between 1<sup>st</sup> Street, SW and Galveston Street, SW** for manhole, sidewalk and landscaping installation and restoration.

The temporary southbound lane closure will start from August 5-30, 2024, between 7:00 a.m., and 7:00 p.m., weather permitting. Residents will still have access to their apartments or homes, and parking will be prohibited as marked by “Emergency No Parking” signs.

The lane closure is necessary to complete the DC Power Line Undergrounding (DC PLUG) initiative’s Feeder 14758 project for manhole, sidewalk and landscaping restoration. The DC PLUG initiative is a partnership between the DDOT and Pepco to improve the resiliency and reliability of the District of Columbia electric system by placing select systems underground. Feeders are primary distribution power lines that provide services to approximately 1,100 residents within a specific neighborhood.

For more information about the DC PLUG Initiative and to stay up to date on traffic-related impacts and construction progress, please visit [www.DCPLUGinfo.com](http://www.DCPLUGinfo.com), call the DC PLUG team at 1-844-758-4146, or email DC PLUG at [questions@DCPLUGinfo.com](mailto:questions@DCPLUGinfo.com).

###

The District Department of Transportation’s mission is to equitably deliver a safe, sustainable, and reliable multimodal transportation network for all residents and visitors of the District of Columbia.
